Product Code	Non-volatile %	Viscosity (tube viscometer/25 °C)	Acid value mgKOH/g	solvent	Properties
PJ6930-55	55±2	40-80	≤8	D30/D40	Acrylic ester grafting, high hardness and gloss, less prone to yellowing of the paint film, and low residual odor
PJ3605A	55±2	56-60	≤8	D30/D40	Good pigment dispersion and wetting properties, low odor
PJ4607A	60±2	20-70	≤6	D30/D40	Good adhesion, high hardness, good flexibility and water resistance, fast drying, high gloss
PJ4607B	60±2	30-70	≤6	D30/n-decane	Good adhesion, high hardness and water resistance, low odor, fast drying
